COURSE DESCRIPTION

This course will help you implement more outcome-oriented and constructive co-creation on a day-to-day basis for **yourself, your team, your organisation**, and above all your change initiative with diverse stakeholders. To deal with challenges of complexity, urgency, and interdependence, a new leadership paradigm is required that takes into account the diversity of stakeholders and enhances the ability for co-creation.

The Art of Leading Collectively strengthens your competence to navigate complex challenges and to lead co-creative processes to enable sustainable execution excellence.

- ▶ Are you starting a complex cooperation project, or are you in the midst of one you want to improve?
- ▶ Do you need to shift the mind-set of stakeholders toward collaboration, or to find new ways to overcome challenges?
- ▶ Do you need to arrive at tangible outcomes in a short time frame?

The tool presented in The Art of Leading Collectively - **the Collective Leadership Compass** - helps you to keep your collaboration journey on track and to find the necessary course corrections.

WHAT IS THE ART OF LEADING COLLECTIVELY?

The world is interconnected. Turning the challenges of complexity, interdependency and urgency into opportunities requires more than passion, intuition, or excellent plans. Solutions to sustainability challenges cannot be found in isolation. Therefore we need to shift the way we co-create. Collaboration is not only paramount, it is the only way to success. **Collective Leadership** is the art of leading complex change in multi actor settings. It empowers leaders to navigate collaboration successfully. **The Collective Leadership Compass** is a practice-oriented approach by attending to a pattern of interacting human

We empower people to lead collectively towards a sustainable future.

competencies in the six dimensions: *Future Possibilities, Engagement, Innovation, Humanity, Collective Intelligence, Wholeness.*

THE COLLECTIVE LEADERSHIP COMPASS

Based on 20 years of experience helping people to collaborate successfully, Petra Kuenkel, founder of the Collective Leadership Institute, has developed the **Collective Leadership Compass** for action and reflection.

It is a **guiding tool that empowers leaders and change agents to navigate complex settings collaboratively** and implement more outcome-oriented and constructive co-creation on a day-to-day basis - across groups, teams, organisations, and corporations.

The compass can be used to strengthen your individual leadership skills, to enhance the leadership capacity of a group of actors, and to shift systems of collaborating actors towards better co-creation.

YOUR KEY TAKE-AWAYS

- ▶ Know how to prepare for your collaboration journey.
- ▶ Assess where you are, define what is present and what is missing.
- ▶ Map the path, adjust strategies, and know what to shift, to strengthen, or to focus on.
- ▶ Convince colleagues and partners that leading collectively will ease the management of complex change.
