COURSE DESCRIPTION

Stakeholder Collaboration has been recognised as critical to finding solutions to the complex challenges of sustainable development. In this course, you will build your strategic abilities and implementation skills in stakeholder engagement, dialogue, and collaboration processes for high impact solutions. The training is based on the combined experience of our faculty and of over 2900 alumni from all over the world, active in the public sector, the private sector, and civil society. After this course you will be able to initiate and implement Stakeholder Collaboration successfully.
