

Webinar for the development and implementation of Multi-Stakeholder Partnerships on Wednesday, 14 March, 2018

How to create effective architectures for your multi-stakeholder engagement process?

Offered by ENGAGEMENT GLOBAL – bengo with the support of the German Federal Ministry for Economic Cooperation and Development (BMZ) and implemented by the expert organisation for Stakeholder Collaboration: *Collective Leadership Institute (CLI)*

14 March, 2018 (3:00 – 4:00 P.M. CET) – Online

Language: English

Participation is **free** and possible via a registration link that will be communicated in advance.

Registration is binding when confirmed.

For [registration](#) or questions please contact Sabine Heckmann (sabine.heckmann@collectiveleadership.com).

The *Collective Leadership Institute* (CLI) is an independent non-profit organisation that supports diverse actors to build multi-stakeholder collaboration to solve sustainability challenges. Over 2,900 Alumni worldwide work with our methodologies, the *Dialogic Change Model* and the *Collective Leadership Compass*. Our mission is to build collaboration competence by empowering systems of collaborating actors to effectively and efficiently drive outcomes in change initiatives.

„We are determined to take the bold and transformative steps which are urgently needed to shift the world onto a sustainable and resilient path.“

(See [Agenda 2030](#), Sustainable Development Knowledge Platform, 2015.)

The goal **#17 of the 2030 Agenda** is about sustainable development for “People, Planet, Prosperity, Peace and Partnership”. **Multi-Stakeholder Partnerships (MSP)** are mentioned as a key instrument in the [Charter of the Future: ONE WORLD – Our Responsibility](#), initiated by Federal Minister Dr. Gerd Müller. The BMZ supports projects and programmes that are in line with the development policy objectives of the Federal Government and the international human rights conventions. The new funding guidelines for the title of “Private Träger” have enabled the promotion of civil society contributions in MSP* since the beginning of 2016.

*Referred to as Multi-Actor-Partnerships (MAPs) in the German context.

This webinar is aimed at **civil society actors in Germany and their local partners**, who are involved in the planning or implementation of their MSPs. It is a supplement to the conceptual and content-oriented consulting and training services of the bengo-Team of Engagement Global.

The webinar will:

- ✓ Give a short introduction of the means and goals of multi-stakeholder partnerships.
- ✓ Deal with the difficulties in setting up effective engagement processes and show examples of innovative and well established collaboration processes.
- ✓ Explain the essential steps for the creation of process architectures for engagement with multiple actors.
- ✓ Allow participants to actively involve themselves during the **question-and-answer session** (questions and comments can also be send in advance via [e-mail](#)).

The webinar will be held in English. Participation is limited and therefore binding when confirmed.

If you have any questions or ideas, please do not hesitate to contact Sabine Heckmann via [e-mail](#).

Please direct this invitation to your MSP partners. We look forward to seeing you at our webinar!
